## PROFILE

Passionate Python developer with a strong drive to apply technical expertise in contributing to the achievements of a dynamic software development team. Committed to delivering high-quality solutions and fostering innovation within the organization. Eager to leverage skills for impactful contributions to challenging projects.

## EDUCATION

**Msc in Computer Science**  
Vijayanagara Sri Krishna  
devaraya University

11/2021 – 11/2023  
Bellary, India

## SKILLS

### Programming

#### Language

Python, C++, SQL

### Frameworks

Flask, Django

### Version Control

Git

### Operating Systems

Windows, Kali Linux

### Python Technologies

Python, Machine Learning, Neural Networks, Mlops

### Databases

MySQL, Oracle

### Web Technologies

HTML, CSS, JavaScript

### Cloud

AWS

## PROJECTS

### 1. Facebook Post Status Predictions

**Project Title:** Web application Facebook Post Sentiment Analysis APP

**Description:** Completed an end-to-end machine learning project with MLops tools to analyze emotions Facebook posts based on captions .Utilized Naïve Bayes Classifier,conducted exploratory data analysis And implemented a web application using Flask for predicting and visualizing sentiments.

#### Roles:

- Led the project,from EDA to model training using Naïve Bayes Classifier
- Implemented MLops tools for data ingestion.transformation,model training,and evaluation
- Created a web application using Flask for predicting and visualizing emotions in Facebook posts

### 2.Voice assistance system using machine learning

**Project Title:** Voice assistance system using machine learning

**Description:** Spearheaded the development of a dynamic Voice Assistant utilizing Python, Machine Learning, and Neural Networks, featuring advanced Face Authentication and Authorization.

#### Roles:

- Took a lead role in developing the Voice Assistant using Python and Machine Learning.

- Implemented advanced Face Authentication and Authorization features.
- Contributed significantly to creating a secure system for user details and interactions.
